SUICIDE BLOCKS FIFTH AVE.

SALESMAN SHOOTS HIMSELF IN RAILWAY TICKET OFFICE.

Joseph R. Carpenter Asked for Time Table, Then Drew a Revolver and Put a Bullet in His Brain-Vast Crowd Sueges About Place, and Women Faint.

Joseph R. Carpenter, a travelling salesman for the Stickley Furtiture Company of Grand Rapids, Mich., shot and killed himself yesterday aftermoon in the Rock Island Railroad ticket office, on the northeast corner of Fifth avenue and Thirtyfifth street. The suicide of Carpenter caused an immense amount of excitement in the neighborhood. Such a crowd gathered that six mounted policemen were called to disperse it.

Carpenter walked up and down in front of the ticket office half an hour before he entered. When he did go in he was met at the door by T. H. Elliott, the regro porter. Carpenter asked Elliott to oblige him with a time table of the Lehigh Valley railroad. He asked for it pleasantly and did not seem the least bit excited. Elliott got the time table, Carpetter thanked him and took a few steps toward the entrance.

He ran up and down the time table with a lead pencil, and as Elliott had nothing else to do, he stood by watching. Carpenter did not attract the notice of any one else. Manager Dunn stood behind the ticket counter selling tickets to three women about fifteen feet away.

pocket in a deliberate way and then stepped toward the door, saying to the negro porter as he did so:
"I'm going away. Good-by."

"I'm going away. Good-by."

Without another word Carpenter reached for his right hip pocket and pulled out his revolver. Before Elliott could get to him he had placed it against his right ear and shot himself. He dropped where he stood. The single bullet penetrated his brain.

It was not until Elliott cried out when he saw the revolver that the four other persons in the ticket office looked around. They saw Carpenter shoot himself. One of the women was so overcome that she swooned. swooned.
The front door of the agency was open,

and in less time than it takes to tell it a crowd of seted. Traffic was soon stopped by the crowd. Those who were nearest the windows peered in at the man lying on the floor. Manager Dunn turned Carpenter over on his face so that he could breathe if there happened to be any life left in him. Ambulance Surgeon Burroughs of the New York Hospital said his death had been instantaneous.

York Hospital said his death had been instantaneous.

Carpenter was left where he fell for an hour or more until the arrival of Coroner Scholer. Then the body was taken to an Eighth avenue undertaker's. Papers and letters in Carpenter's pockets showed who he was. His home was at 296 Cres ent avenue, Grand Rapids. When in this city he lived at the Grand Hotel. he lived at the Grand Hotel. He has been here since October 28, and no one around the hotel could explain why he killed himself. There were only business letters in his polets. He had a notebook, and on the fly leaf he had written:

'I. case of accident notify T. Mac B. Nichils of 612 West 112th street."

Another name was blotted out by the blood that flowed from Carpenter's wound, but the address was 256 Columbus avenue, Boston. He also had \$83.70 and a gold watch.

Half an hour after the suicide a blond young woman rushed into the office and cried: "Harry, Harry, what have you done?"
She brushed her tears away and took another look at the figure stretched out before her.

"Thank God! It isn't Harry," she exstarted to leave the building, but fainted in a young man's arms. She soon revived and hurried away.

The four were found at 42 Grand street, Albany, by New York detectives. They were reading clippings from the papers about the robbery when the police entered their rooms. The detectives had warrants for the three men and arrested them. They had no warrant for the girl, so she was allowed to go free. She followed them, however, by steamer to New York and on her arrival the detectives arrested her too. They forced her trunk open to search for the stolen property, but found none.

In court the girl declared that she and Reiner had gone to Albany the night before the robbery took place, on the night beat. The detectives say that she is the wife of a criminal named Gunn, who is now in Sing. Sing. They further allege that Reiner and Stanley had recently been released from State prison.

IT WAS A REAL BOMB.

That Was Left in Front of Legretto's Door at 64 Leroy Street.

The bomb that was found with a sputtering fuse in the hallway of the Italian tenement house at 64 Leroy street on Tuesday night was the genuine article, as the employees at the Bureau of Combustibles found when they dissected it yesterday. It was made of a white lead, keg about even inches high. The oak staves were hooped with five steel hands and the space between them was plugged with plaster of paris. In the bottom were three pounds of gunpowder covered with a thin piece of wood. On top of that were two pounds of powder mixed with scrap iron. The head of the keg was made of thin wood, with a hole to admit a home made fuse made of rope and powder.
